

"Humankind has not woven
the web of life. We are but one
thread within it. Whatever we do
to the web, we do to ourselves.
All things are bound together."

- CHIEF SEATTLE -

Spa La Vie is inspired by the Tunica-Biloxi
Tribe's Native American culture and the healing,
life-giving powers of the four elements: Earth,
Water, Air, and Fire. Our treatments honor
this sacred land's heritage by using organic,
hand-harvested ingredients indigenous to the
reservation on which Spa La Vie stands.

EARTH - GROUNDING

Earth is the element of matter. It nourishes
the body with minerals and provides
energy and stimulates emotional balance.

WATER - RESTORING

Water represents flow and brings
rejuvenation of the body and the mind.
Water hydrates and feeds the body.

AIR - CLEANSING

Air moves in and out of the body bringing
with it restorative and cleansing property.
Air is essential to health and vitality.

FIRE - DETOXIFYING

Fire represents power and warmth.
Light and heat detoxify the body
and promotes positive energy.
